**Wood Post Insulator**  
 Sure-Fit® wood post insulators are specially designed with a large opening to work with any polymer coated wire.  
 Available in white and black.

**T-Post Insulator**  
 Sure-Fit® T-post insulators fasten securely to T-posts with a wrap-around application. The insulator can be removed and re-attached and is designed with a large opening to work with any polymer coated wire.  
 Available in white and black.

**PolyStrand™ HTP®**

Patented "Belt Loop" bracketing system allows rail to slip through bracket, dispersing impact. Special brackets have a steel core that adds strength and durability.
