

Are you looking for a rustic fence? Look no further, the Split Rail Fence we have to offer has a rustic but also smooth appearance. The Posts are made of Rough Sawn Black Locust that will last 25 to 40 years, the Rails are made of Rough Sawn Hemlock that will last up to 30 Years. The front of the Rail has rounded finish for a smooth appearance, and they remain straight with time. This fence is ideal to put in around your property to keep your dogs, and children safe in the back yard, also to put around your swimming pool to meet township pool codes (most codes require wire mesh on the posts). Works great to keep your horses safe as well.

We have a large supply of split rail fence in stock at all times. Available in Locust Posts, Hemlock Rails or Pressure Treated Pine, Posts & Rails. Available in 2-Hole, 3-Hole & 4-Hole. Standard gate sizes are 3ft. 4ft. 5ft. 6ft. 7ft. However we will make any custom size or style gate. If you have any questions about this product, please feel free to call or stop in to see us.

Also check out the many other styles of fence we have available.
